Security Incident Reporting Procedure (SEC-PRO-007)

Purpose

Every employee must report suspected security incidents so the Security team can contain them quickly.

How to Report

Report suspected incidents within 1 hour of discovery by emailing security@lumen-analytics.com or calling the security hotline at extension 7233.

To report a phishing email, use the Report Phish button in Outlook. Do not forward the suspicious email to colleagues.

Response Targets

Incident type	Example	Security response time
Critical	Ransomware, active intrusion	15 minutes
High	Lost laptop, leaked credentials	1 hour
Medium	Phishing email reported	4 hours
Low	Policy question	2 business days

After Reporting

Do not attempt to investigate on your own. Keep the affected device powered on and disconnected from the network until Security contacts you.
